

CJD Equipment to attend CME in 2012

CJD Equipment will be attending **The Construction and Mining Equipment Expo (CME)**, which is the largest construction and mining equipment show in Western Australia. At CME 2012, attendees can see and compare the latest equipment and explore the newest products and innovations in the industry. The broad spectrum of equipment available is the ultimate in competitive comparisons. CME places a strong focus on training, apprenticeships and recruitment and invites industry experts in these fields to both exhibit and attend.

The next show will be held **March 15 - 17, 2012** at the Sandalford Estate, Swan Valley Perth, Western Australia. The prestigious Sandalford Estate is located just 25mins from the city, and is equipped with facilities to cater for Conferences, Presentations, Meetings, Product Launches, Gala Dinners, Networking Sundowners and Corporate River Cruises.

CME attracts industry people involved in the construction, mining, electric, phone/cable, sewer/water, gas, engineering, landscaping, recruitment, training, professional services and public works segments. An estimated 4,000 industry professionals from around Australia will be expected to attend.

To find out more about this event please visit the CME website www.cmeexpo.com.au
