

REGIONAL SALES MANAGER

WESTERN NSW

An opportunity exists for an experienced Sales Representative to promote the growing range of Volvo Construction Equipment products in a defined area of Central Western New South Wales.

The person we seek will have a good understanding of the regional councils and the construction industry. Experience with general line construction equipment and road construction machinery will be an advantage as will experience in selling agricultural and farm machinery. An attractive remuneration package will be offered.

This is an excellent opportunity to join one of Australia's leading distributors with excellent opportunities for future development.
