## VOLVO STATE OF THE ART TELEMATIC SYSTEM

CareTrack is the Volvo Construction Equipment telematic system that gives you access to a wide range of machine monitoring information designed to save you time and money. Your Volvo machine is equipped with integrated technology to extract and transfer machine data via GSM mobile network.

## DESIGNED FOR PRODUCTIVITY

With CareTrack key information is provided to you at your convenience, allowing you to proactively manage and optimise productivity and increase machine utilisation.

## STAY CONNECTED AND IN CONTROL

CareTrack Standard will provide you with access to mapping and tracking, daily hours, alarms, geofence and service planning. Or get even more out of this state-of-the-art system and upgrade to the CareTrack Efficiency package to give you access to machine utilisation, efficiency data, work shifts and operations data.
